

Installation Instructions MX3009

StrongArm CRASH Mag Lock

Adjust the height of lock assembly to allow the strike to rest on the magnet after compressing the bumper. This will minimizenoisewhile allowing lock to hold consistently.

Wiring the Mag Lock

Connect wires from the Mag Lock to the STC board and +24V on the power supply board.

Technical Support

For Technical Support, call your installer or authorized HySecurity distributor. Obtain the serial number of your operator before calling. For the name of a distributor near you, call HySecurity at 800-321-9947 or refer to the company website at www.hysecurity.com.
